Announcement and an Apology

With this issue Illinois Trader takes over the stamp monthly The Stamp Gem, which has been published for the past four years by George M. Richter at 5546 Glenwood Ave., Chicago. This gives the Illinois Trader a net gain of 308 subscribers.

All subscriptions will be filled out and those who were subscribing to both magazines will receive extensions of their subscriptions.

The various features of The Stamp Gem such as the Exchange Club and the stamp departments will start in the October issue.

Although the display advertising rates of The Stamp Gem was 75c per inch the rate for the combined magazines will remain at the present rate of 35c per column inch.

As this is the vacation issue it is rather short of reading matter. However I promise at least eight full pages in the next issue, probably more.

The Auction

Would like to call the attention of the Stamp Gem Readers to the Auction, which offers you the opportunity to buy at just what you want to pay. It also allows you to dispose of your surplus material at a low cost. Altho the auction this month is rather short of stamps the October auction will contain lots cataloging several hundred dollars.

The best way to keep in touch with the market trend is to get a list of prices realized at the auction each month, only 10c.
